Santa Rosa based fiddler, Rebecca Richman, well-versed in Irish traditional and American Old Time stylings, is an in-demand player for dances, sessions and concerts in the San Francisco Bay Area. Her powerful bowing and assured tone create a pleasing drive and lift to the music. Her recently released first CD, simply called Rebecca Richman (2018), is a collection of Irish, Welsh, and American traditional tunes played on fiddle and guitar.

Kyle Alden is an award-winning singer/songwriter, who has been recognized for his Irish traditional guitar accompaniment. He has supported many top players in concert.
